

# Summer Advanced Placement

## AP Chemistry & AP Biology

Greenwich Education and Prep is pleased to introduce our summer Advanced Placement Program in which students will have the opportunity to take AP Courses online at the Greenwich Education & Prep facility. The course will be facilitated by our one-on-one teachers and tutors, allowing students to obtain the benefits of the online course (including accreditation) while receiving all of the benefits of one-on-one and group interactive instruction.

- Facilitated Online AP Courses for credit during the summer.
- Get a head start on AP Courses or supplement a busy school curriculum with summer courses.
- Online coursework supplemented by individual and group instruction at Greenwich Education & Prep facility.
- In partnership with Apex Learning, a premier and fully accredited online-learning program.
- Available refresher program to be taken during the school year before the spring AP Exams.
